STEMATHON
2019

Calling all teachers!

Nominate your best STEM students to enter STEMathon 2019 now!

This 30-hour hackathon-style challenge provides an opportunity for local students to work with overseas students and use their STEM skills and creativity to brainstorm solutions under the theme of 'Ocean Protection'.

This challenge is an excellent chance for students to accomplish Other Learning Experiences (OLE).

How to enter?

To enter the challenge, schools **are required** to submit a brief description which details students' outstanding performance in STEM fields. After careful screening, 16 schools will be shortlisted for the competition.

Eligibility

S3 - 6 Secondary School Students
Each school can nominate a team of 10 students (maximum 2 teams per school)

Date
28 - 29 March 2019

Venue
Hong Kong Science Park

Prize
The winner, 1st runner up and 2nd runner up will receive certificates of achievement. Each shortlisted student will receive a certificate of participation
